

# PETHKAR VISHAL VILAS

DATA ANALYST | SQL | PYTHON | POWER BI | EXCEL | TABLEAU

+91 7744892798 | [riteshpethkar1001@gmail.com](mailto:riteshpethkar1001@gmail.com) | Pune, Maharashtra | [LinkedIn](#) | [GitHub](#)

## PROFESSIONAL SUMMARY

Aspiring **Data Analyst** with a strong foundation in data analysis, data interpretation, data cleaning, transformation, visualization, and database management. Proficient in **Python, SQL, Power BI, Excel, and Tableau**, with hands-on experience working with large datasets, developing interactive dashboards, performing exploratory analysis, and extracting actionable business insights. Demonstrates strong analytical thinking, problem-solving, and quantitative reasoning skills, with the ability to transform raw and complex data into meaningful insights that support **data-driven decision-making and business intelligence initiatives**.

## TECHNICAL SKILLS

**Programming & Data Analysis:** Python, Pandas, NumPy, Matplotlib, Seaborn, Data Cleaning, Data Manipulation, Data Analysis, Data Visualization

**SQL:** Joins, Subqueries, CTEs, Window Functions, Aggregate Functions, GROUP BY, Filtering, Sorting, CASE Statements

**Databases:** MySQL, SQL Queries, MongoDB, Data Management

**Power BI:** DAX, Power Query, Data Modeling, Interactive Dashboards

**Tableau:** Data Visualization, Dashboard Development, Calculated Fields

**Microsoft Excel:** Pivot Tables, VLOOKUP/XLOOKUP, Data Analysis

**Development & Productivity Tools:** Git, GitHub, VS Code, Jupyter Notebook, Google Colab

## SOFT SKILLS

Communication Skills | Teamwork & Collaboration | Problem Solving | Time Management | Analytical Thinking

## EXPERIENCE

**Skilleected by JSSAV Edu. Pvt. Ltd.**

*Data Analytics Trainee (Part-Time Hybrid)*

**2025 – Present**

*Pune, Maharashtra*

- Analyzed **10,000+ rows** of real-world datasets using Python, SQL, Power BI, and Excel.
- Performed data cleaning, transformation, visualization, and dashboard development to derive meaningful business insights.
- Generated analytical insights and supported data-driven decision-making through structured data analysis.

**YBI Foundation**

*Python Programming Intern (Remote)*

**2025**

*Remote*

- Worked with **5,000+ rows** of datasets using Python for data analysis, processing, and practical programming tasks.
- Applied data cleaning, manipulation, visualization, and Python programming concepts to real-time projects.
- Completed practical programming tasks and strengthened analytical, problem-solving, and development skills.

## PROJECTS

**Customer Shopping Behavior Analysis**

*10,000+ Rows | Python (85%) | MySQL (80%) | Power BI (85%)*

- Analyzed customer purchasing behavior and sales patterns using Python and SQL, converting raw transactional data into actionable business insights.
- Performed data cleaning, transformation, exploratory analysis, and KPI development to identify customer and sales trends.
- Designed interactive Power BI dashboards for business intelligence reporting and data-driven decision-making.

**Cloud-Ready Billing Software for Retail Shop** *5,000+ Transactions | Python (85%) | MySQL (80%) | HTML/CSS (75%) | JavaScript (70%)*

- Developed a cloud-ready retail billing solution with integrated billing, inventory, invoice, and sales management functionality.
- Automated invoice generation, sales tracking, inventory management, and payment tracking through database integration.
- Implemented real-time stock management features to improve operational efficiency and digitalize retail workflows.

## EDUCATION

**NBN Sinhgad College of Engineering, Solapur**

*Bachelor of Technology in Computer Science*

**2022 – 2026**

*CGPA: 8.67 / 71.68%*

University: Punyashlok Ahilyadevi Holkar Solapur University

**Haribhai Devkaran College, Solapur**

*Higher Secondary Education – 12th Science*

**2020 – 2022**

*77.17%*

Board: Maharashtra State Board of Secondary and Higher Secondary Education (MSBSHSE)

## CERTIFICATIONS

- Deloitte Data Analytics Job Simulation
- British Airways Data Science Virtual Experience Program

## ACHIEVEMENTS

---

- Successfully developed a Cloud-Ready Billing Software for Retail Shop to provide a user-friendly solution for invoice generation and inventory management.
- Strengthened practical expertise in Python, SQL, data analysis, and data visualization through project-based learning.
